Bird 2

MADE IN SWEDEN

Bird 2

Heritage
series

A stunning 3-way model from the Heritage series, Bird's imposing size is matched by superb, state-of-the-art sound reproduction.

Two sandwich bass units deliver exceptional power and control over lower frequencies. Combined with the ceramic mid-range unit and custom-made 20mm diamond tweeter these rigid materials deliver a beautifully distortion-free sound.

A bass reflex underneath the cabinet mean it can be placed near a back wall, making it easier to integrate into your living space.

The new Bird

Sandwich bass drivers designed with the latest Accuton technology

Level control for the bass in three 1 dB steps

Improved crossover using leading Mundorf components

Stainless steel feet, cones and pucks tailor-made by Marten
